## WORSHIP DÉCOR SOLUTIONS

Places of worship very often serve multiple roles within the community. A worship venue may have a morning religious service, an afternoon teen gathering, an evening choir rehearsal. The challenge: how to provide each audience with its own unique look? The solution: tension fabric structures from Pink Inc. can convert any space with speed and simplicity.

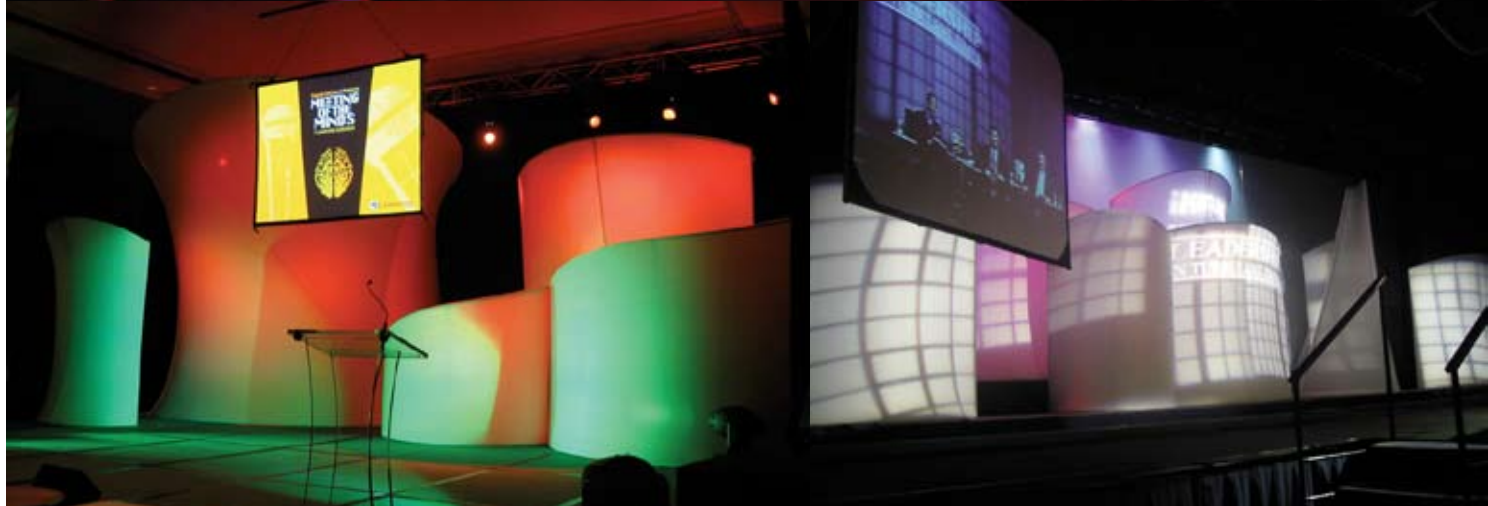

**MULTI USE SPACE:** Pink Inc fabric structures are the solution for churches looking to transform the look of a space. Special services for kids or teens convert easily into adult spaces with colorful, light-weight temporary walls and room dividers.

**PORTABLE WORSHIP:** Fabric structures are a cost-effective way to convert a gym or school auditorium into worship space, and they are easy to set-up and tear-down.

**STAGE SET DESIGN:** Pink Inc. fabric structures will modernize any church staging. Easy-to-use modular stage sets and decorative displays provide dramatic settings for worship services and musical performances.

**PROJECTION SCREENS:** Kites, diamonds, and other free-form stretch fabric shapes can be rigged from a wall for a dynamic visual ready to accept projections. Projection screens can also be suspended from a pipe and base structure. Add lighting and the striking translucence of fabric will imaginatively transform your venue and provide your audience with a truly memorable experience.

**A VARIETY OF OPTIONS:** Temporary or permanent – whether your need is for several days or several years, Pink Inc. fabric solutions will work for you. Inventory or custom – select from ready-to-go exhibit walls or attention-getting 3-D forms and displays OR have our creative design team craft your wildest ideas. Rental or purchase – you can purchase your Pink Inc. exhibit solution or take advantage of the attractive rental programs offering short-term use and fast turnaround. Pink is Fabric!
